Flight Information

Airports of Entry

GASO – SIKASSO/ Dignanga (Private flights only)

Note: There are additional airports with Customs and Immigration but are limited to Scheduled Airline service. AOE rights may available at these airports by special permission from the Mali civil aviation authority.

Entry/Exit Requirements

Entry and exit requirements are for aircraft departing the United States non-stop to country of destination. These requirements do not include any technical stops. Please refer to **Technical Stop** section in **Additional Flight Information** for the country at which the technical stop will be made.

Entry and Exit documentation forms vary from country to country. In general, however, ICAO member countries will accept the following standard ICAO Annex 9 Entry/Exit documents:

- General Declaration
- Passenger Manifest
- Cargo Manifest
- Embarkation/Disembarkation Card
- Certificate of Residual Disinsection

Examples of these documents can be found at [/FIM Home>General Information>International Flying Overview> ICAO Annex 9 Entry/Exit Documents](#). The acceptance of these ICAO documents must be confirmed by the appropriate AIS.

Entry Requirements (Departing the U.S.)

- File an [eAPIS](#) manifest outbound (recommend inbound at this time, too)
- File and activate international flight plan
- Land at a designated airport of entry (AOE) – customs and immigration

The following entry documents are required:

Passengers –

- Valid passport
- [Visa](#) (check with Mali embassy for current information)
- Yellow Fever immunization card
- Embarkation/Disembarkation Card

Pilots – Same as passengers

Note: Other pilot/crewmember requirements may be applicable in lieu of those stated. Contact appropriate AIS for further clarification prior to flight.

Aircraft –

- Passenger Manifest – 1 for Customs, 1 for Immigration, 1 for Health
- Cargo manifest – 1 for Customs
- General declaration – one copy is returned by Customs
- Health section of general declaration completed, confirming disinfection 30 minutes prior to arrival.

Exit Requirements (Departing Mali)

- Depart from an AOE

- File [eAPIS](#) manifest if inbound to the U.S.
- File an international flight plan
- Call U.S. Customs at filed U.S. airport of entry
- Embarkation/Disembarkation Card

Additional Flight Information

Aircraft Instruments and Equipment

U.S. aircraft airworthiness and certification requirements may not meet other countries requirements. It is the responsibility of the pilot to determine if the aircraft meet those requirements.

Commercial air transport aircraft operating in the member states of ASECNA must be complied with the provisions of ICAO Annex 6 - Operation of aircraft, Part 1- International Commercial Air Transport- Aircraft, Chapter 6 (Aircraft instruments, Equipments and Flight documents) and Chapter 7 (Aeroplane Communication and Navigation Equipment).

The items listed below are for pilots' reference to determine if the aircraft meets minimum instrument and equipment requirements of the destination country. Additional equipment may be required to comply with the airspace navigation requirements.

- VHF and HF communication and navigation equipment suitable for the route and landing

Note: If equipped with TCAS, ACAS or transponder, must comply with ICAO standards

All aircraft assigned to fly over an inhospitable region must be provided with special facilities including signaling, emergency and survival equipments and the manuals to operate such equipment. **The requirements for flight over inhospitable regions are extensive and too numerous to list. One should reference the free on-line AIP for details.**

ICAO Documents can be purchased from ICAO at: <http://store1.icao.int/search.ch2>

Technical Stop / Overflight

Non-scheduled carriers must request permission for overflight or technical stops at least 72 hours before the date of the planned flight

The request for authorization to operate overflight and landing (letter or message) must be addressed exclusively to the National Directorate of Civil Aviation. (see Designated Authorities)

Non-scheduled Flights (Charters)

Non-scheduled carriers must request permission for overflight or technical stops at least 72 hours before the date of the planned flight

The request for authorization to operate overflight and landing (letter or message) must be addressed exclusively to the National Directorate of Civil Aviation. (see Designated Authorities)

Private Flights

The request for authorization to operate overflight and/or landing must be addressed exclusively to the National Directorate of Civil Aviation. (see Designated Authorities)

A special authorization is required for use of routes others than those prescribed by the regulation in force.

Float Planes

The IFIM Staff is unaware of any Float Plane requirements or restrictions.

Light Sport Aircraft

The IFIM Staff is unaware of any Light Sport Aircraft requirements or restrictions.

Fees

There are variable fees for landing, runway lighting facilities, passenger services, parking, fueling, security and air navigation. Please refer to the free on-line AIP for details.

Charge for use of en-route facilities and services managed by ASECNA is payable whatever are the conditions in which the flight is accomplished (IFR or VFR) and whatever are the departure and the destination aerodrome. Charge is collected only once for one flight performed inside one or several flight information regions inside the jurisdiction of ASECNA.

Fuel

Fuel is not available at Dignangan Airport in Sikasso. Jet A1 and Avgas are available at Bamako/Senou airport. The remaining AOE's only offer Jet A1.

Night VFR

VFR flights are not authorized at night, which means, during the period that begins 15 minutes after the sunset and finishes 15 minutes before the sunrise.

Island Hopping

The IFIM Staff is unaware of any Island Hopping requirements or restrictions.
